Protecting Worker Health

Studying for the Certified Industrial Hygiene (CIH) Exam?

Studying for the CIH Exam just got easier with the help of your local AIHA members. The local section will once again be organizing a series of study sessions taught by experts in their respective fields. The sessions will be organized around the new subject domains first being used for the fall 09 exam. The sessions will include classroom subject overview, discussions and some sample exam questions. Sessions to start the end of May and will be held every other week. Location and time to be determined. A small fee of \$80 is being charged to cover minor expenses. So let us help you succeed !!!!
